Exempt Micro Enterprise (EME) Exemption Statement to Customers Regarding Procurement

In terms of the BEE Codes of Good Practice, Design One Consulting Engineers is classified as an EME – Exempt Micro Enterprise. We are automatically allocated a BEE contributor level rating of Level 4.

Any qualifying purchases you make from us can be claimed at the rate of 100% of your procurement spend with us.

In addition the codes specify that Generic companies can earn an additional 3 points on their Procurement scorecard by spending 10% of their total procurement with EMEs or QSEs. We are part of that classification and should therefore be included in that category.

If you require more information pertaining to our BEE Exemption Status please refer to our BEE Exemption Statement. That document will give you all the information you require for the rating process.
